Narrative:

04/06/2002

On 04/06/2002, [redacted] detained at Guantanamo Bay (GTMO) Naval Base, Cuba, was re-interviewed by Special Agent [redacted] and [redacted].

After being advised of the identity of the interviewing agents, [redacted] provided the following information:

was questioned regarding information about going on in Camp X-Ray as far as what he has heard the detainees talking about. He advised that the military guards had a demonstration on how the detainees will be moved to the new prison and the prisoners are worried. He also noted that there are some problems in the camp regarding their personal hygiene.

stated that the detainees are tired of being moved so many times to include Bagram, Qandahar and Camp X-Ray. He also advised that the Military Police (MP's), named [redacted] have been mistreating the detainees by pushing them around and throwing their waste bucket to them in the cell, sometimes with waste still in the bucket and kicking the Koran. He also noted that in the Muslim culture, people do not get dressed, shower or use the bathroom in front of others; however, they are being forced to do so.

stated that the multiple moves, the mistreatment and hygiene issues may force some of the detainees to cause problems during the move. He advised the interviewers to warn the guards that they should take extra precautions during the move because some of the detainees are feeling that they have nothing to lose and are waiting for a time to cry out. The move might be that time. He is aware that other detainees feel that they would rather die than live the way they are living and he has heard an unknown detainee say "Death before I live like this". He noted that he has no specific information about any one particular detainee who may cause a problem but this was his personal feeling. He also stated that having demonstrations on how they are to be moved gives the detainees time to think of a way to possibly cause problems.

explained that some of the detainees are Mujahideen and they feel that when it is time to die it is their time to die and they will not care about taking someone else around them when they die.

advised that the detainees who have been talking and the detainees who have not been talking are all being treated the same; therefore, there is no incentive to talk or cooperate.

In other Camp X-Ray news, stated that detainees in Camp X-Ray have heard that the Americans are still fighting in Afghanistan.

He noted the following:

believes that he may be at Camp X-Ray.

denies having any relationship to the Taliban or Al Qaeda, and specifically denies having taken up arms at any time on behalf of any nation or organization. He hates the Taliban [redacted]. He also opposes USAMA BIN LADEN and MULLAH MOHAMMAD OMAR, as he feels they kill innocent people. According to [redacted], ninety percent of the people in Afghanistan opposed BIN LADEN and OMAR. Most Afghans, including himself, want to become part of the world and not be isolated from it and labeled terrorists.

[redacted] first heard of the terrorist attacks in the U.S. on a version of Voice of America radio. He initially could not believe it was true. He had no prior knowledge of the attacks and had not heard any rumors of anything about to occur.

He did not know the leader of this group and did not think that it was USAMA BIN LADEN (UBL), the Taliban or Al Qaeda.

He advised that his purpose for going to Afghanistan was to fight Jihad with the Taliban since Islam depends on Jihad.
He was fighting against MASOOD and DOSTOM's people and was not fighting against the Americans.

After one month, I heard on the radio about the attacks on the U.S. He noted that he felt bad since the people who died were civilians and they were not at fault to anything.

I heard about USAMA BIN LADIN's (UBL) Fatwas against the U.S. and the U.S. military from fellow fighters. He added that UBL is not a Sheik or religious figure but is a Mujahideen and will get killed and is killing others. He noted that Muslims cannot take a Fatwah from a non-religious figure. In Islam, Muslims should do the right thing; however, not everyone does the right thing. Any Fatwah that says otherwise is outside the truth.
noted that the U.S. came to help the Saudis against Iraq and there is an agreement between the U.S. and Saudi Arabia that if Saudi Arabia wants the U.S. to leave than the U.S. would leave since the problem is resolved.

others were then transferred to the American prison in Qandahar, where he stayed another two weeks. Then he and the others were transferred to Camp X-Ray (GTMO).

advised that he has recognized detainees here at Camp X-Ray (GTMO) that he saw in Qandahar prisons and could recognize their photograph.

stated that he has recognized detainees here at Camp X-Ray (GTMO) that he knows are Taliban that he saw Qandahar prisons and could recognize their photograph.

advised that he has not heard of any future attacks on the U.S. and does not know anyone who has knowledge or was involved in past attacks on the U.S. to include the U.S. Embassy bombings in Africa and the bombing of the USS Cole in Yemen.

stated that the conversations in Camp X-Ray (GTMO) consist of talking about family and "small talk" general conversation. No detainee is telling the others detainees not to talk to the investigators or telling them what to say. He noted that some unknown detainees are not talking in retaliation to an incident where a guard kicked the Koran.

noted that no detainee is planning to attack the guards at Camp X-Ray (GTMO) or planning to escape from Camp X-Ray (GTMO).

explained that if he was released from Camp X-Ray (GTMO), he would go back to live with his family. Although he was proud that he went to fight Jihad, he would not do it again not even in would not be approve.

When was turned over to US authorities, he was beaten by the US military forces. He was taken by helicopter to an unknown location where he was beaten. While his eyes were covered, he was kicked in the stomach and back by several individuals. He noted American English accents.

After being moved to an unknown facility in Bagram, his head was placed against the cement floor and his head was kicked. As a result of other beatings in Bagram, received a broken shoulder. During one evening was left outside of the facility where he was being held. The ground was wet and it was snowing. He was wearing only pants and a ragged shirt. As a result of being out in the cold, he became unconscious. The guards stated in English that was a "big one." Two men had pistols, while another had a machine gun. These individuals wore US uniforms, but wore coverings over their faces. They wore desert style camouflage uniforms. They look like the uniforms of the US guards here in Cuba, but are tan and brown. The uniforms had the US flag sewn on their arms.

When he was moved to Kandahar, he was not beaten as frequently and severely. Periodically, was kicked and pushed. He was dragged three times to interrogations. On one occasion during prayer time, a soldier placed his foot on head and then sat on his head. stated that the soldiers wore tan and brown camouflage uniforms, with US flags on their arms.

was now prepared to fight "as every good Muslim should."

and that he could provide aid to the Taliban participate in the fighting against those who committed unjust acts against Muslims.

He was extremely proud to be a member of the Taliban. He was impressed with the Taliban and felt that the Taliban were the protectors of the Muslim people and that it was the Taliban who made Afghanistan a safer place for Muslims to reside. Advised, however, that his opinion of the Taliban has since changed. He now believes that the Taliban ranks are now composed of "bad Muslims" who are giving all Muslims a poor image. No longer supports the views of the Taliban and believes that it is because of the Taliban, Al-Qa'eda, and Usama Bin Laden (UBL) that is currently detained at Camp Delta. Reiterated that if he is released, he would not rejoin the Taliban forces or support the distorted views put forth by Al-Qa'eda and UBL.

He joined with the Taliban forces against the Northern Alliance.

However, does admit that he did render support to the Taliban on a daily basis.

to go to Afghanistan and fight with the Taliban on behalf of his Muslim brothers.
participate in actual combat fighting on behalf of the Taliban.

states that he was never a member of Al-Qa'eda, does not know if he ever met or fought with Al-Qa'eda forces.

became desperate and wanted to surrender did not have food or money to survive.

was captured by the Northern Alliance forces. A short time after his capture, was turned over to the American military. stated that he was not mistreated at any time, nor did he witness any mistreatment while in the custody of the Northern Alliance. further stated that while he was not abused while in the custody of the American military, he was, on occasion, pushed to the ground while his hands were handcuffed behind his back.

During experiences with the Taliban, the Northern Alliance, and the American Military, he did not witness nor experience any acts which would be considered to be "war crimes."

If is released and he returns he expects that he will be imprisoned by government. This is because he went to Afghanistan and actively participated in the fighting without official permission from government. believes that he will be imprisoned for approximately one (1) year. This fact does not bother because he knows that he was wrong to travel to Afghanistan and join the Taliban. is willing to be released to authorities and to be placed in prison because he would then be one step closer to rejoining his family.

The interview was terminated at this time.
